Current role	Financial Risk Advisor
Qualifications	<ul style="list-style-type: none"> • Master in Economics and Finance (UCL, Major in Finance, Banking Risks & Applied Econometrics – 2015-2017) at the Economics School of Louvain : Economics/Finance at the Economics School of Louvain : the 1st Economics School of Belgium according to the Eduniversal Worldwide Best Master Ranking 2016 and 4th in Europe. • Seminar Coordinator : Basel III and MiFID regulations (Emory University, GA, ATL, USA – 2015) • Master in International Affairs (UCL, International Economic Relations – 2013-2015)
Professional Background	<ul style="list-style-type: none"> • Badr graduated from UCL and UNamur (Belgium) in Economics and Finance and graduated in International Affairs. This education gave him knowledge about financial markets, applied econometrics and regulatory environment. • Badr is currently an Advisor in the Financial Risk Management department at KPMG (Brussels). He is carrying out model validation projects, portfolio valuations and regulatory reporting for major banks. Before joining KPMG, he followed a 4 months internship in this same department. Badr was mainly performing portfolio valuations. Obviously, he acquired experimental knowledge of financial markets processes by providing client's valuations on FX, IR and equity derivatives contracts, by analyzing data quality of clients, etc. Also, Badr has followed various trainings at KPMG on credit risk, Banking risks etc. • In 2015, Badr followed a 4 month internship at the Consulate General of Belgium in Atlanta (USA). During these period, as an Economic Consultant for Belgian Banks and other industries, Badr learned about the Banking sector. He was also drawing economic researches around the investment environment between Europe, Belgium and USA. • During this internship, Badr had been appointed by the Belgian Diplomacy to deliver introductory seminars to students at Emory University. The topics : Basel III (Credit Risk, Liquidity Risk etc.) and MiFID regulations. • He has a growing experience in the financial markets, regulatory landscape, valuations, regulatory reporting, etc. He is ready to bring a consistent added-value. Leitmotiv : Team spirit, success will follow.
