WORK EXPERIENCE

Data manager, Menuet BVBA

Ghent, Belgium — 2010

Data manager (second camera assistant) for the filming of several Flemish television productions.

Accomplishments

- Acting as a team player: A film set is a stressful environment due to conflicting interests and continuous time pressure by different departments. To properly perform a myriad of personal tasks in a very limited time frame while taking the other team members' wishes and grievances into account, I rapidly learned to function very efficiently by assertively defining priorities and thus becoming a pro-active member of a team unified by a common goal.

Diplomatic security officer, Securitas nv/sa

- Security: Pro-actively guaranteeing the safety of employees and visitors by monitoring and patrolling of the premises.
