

Kansai Event

Dear BLCCJ Members and Friends,

Our friends of the Swiss Chamber are very pleased to invite you to a "Kansai-Event", showcasing "high-tech" and "tradition" with two company visits, followed by dinner.

First, you will visit the "Thunder Technology Center" of **OTOWA Electric Co. Ltd.**, in Amagasaki, a leading manufacturer of lightning protection systems. Afterwards, you will move to Nada-ku, Kobe, to visit the **Shu-Shin-Kan Breweries Ltd.**, a company with over 250 years history and well-known for producing the first-class "FUKUJU" sake. A Sommelier will introduce you to the "world of sake" and over a "Kaiseki" Dinner at the brewery's restaurant "Sakabayashi", you will be able to enjoy a variety of their sake products.

Thank you for your consideration and support, and we hope that you will join the Swiss Chamber on October 9th!

- Date :** Friday, 9 October 2015
Program: 14:30-16:00 Visit to OTOWA Electric Co. Ltd. – "Thunder Technology Center"
 17:00-18:00 Visit to Shu-Shi-Kan Breweries Ltd.
